

In-Ground Irrigation

Residential Permit
Village of Weston/ETZ

4747 Camp Phillips Rd
Weston, WI 54476

FULL COMPLETION OF THE ONLINE EVOLVE APPLICATION IS REQUIRED

In-Ground Irrigation System

An in-ground irrigation system is a plumbing system with small water lines running under ground with retractable heads that water lawns.

ONLINE EVOLVE APPLICATION

All building permits are applied online through the Village of Weston's online portal, Evolve. You can access this portal at www.westonwi.gov/epermits. You will need to create an account before applying for a building permit.

To apply, you will need to click on "Permit Application" on the left side of the page.

- Under Category, select Residential Building.
- Under Type, select In-Ground Irrigation System.

BUILDING PERMIT REQUIREMENTS

Did you complete the online Evolve Application? Yes No

Do you understand that the Village is not responsible for damage to irrigation systems located in the right-of-way? Yes No

Note: It is the Property Owners responsibility to ensure the in-ground irrigation system will NOT be located in the right-of-way. The Village of Weston is not responsible for any damage does to irrigation systems located in the right-of-way.

Please have the contractor submit as-builts or plans showing how the in-ground irrigation system will be laid out on the property.

Did you forget to upload a document into Evolve? You can add more items to your permit by logging into your account and clicking on 'My Permits' on the left side of the page. Click on the appropriate permit. Under Documents, click 'Upload New Document'. Upload any missing documents.
